Healthcare business delegation to Sweden

Danish Health Tech Group in cooperation with the Royal Danish Embassy in Stockholm take pleasure in inviting you to join the healthcare business delegation travelling to Stockholm 21 - 22 September 2015.

Why join

The Stockholm region is currently undertaking the most significant upgrade of its healthcare sector with investments of SEK 42 billion for the construction of new hospitals and upgrading existing facilities. The ultra-modern *Nya Karolinska Solna* will open its doors to patients in 2016, and the hospital will lead the development of Sweden's healthcare system into the future.

Innovative solutions to streamline workflows and improve patient service are in high demand. The market offers significant opportunities for forward-thinking suppliers that can contribute to improving treatment efficiency and enhanced patient-care through technology and systems solutions.

Access new business opportunities in this burgeoning market and expand your network among key local contacts on a decision-making level. Get direct access to key authorities and business partners with focus on purchase and supply in the Swedish healthcare sector. Your participation can pave the way to export-alliances with the other participating Danish companies.
